Explanation of Communication / Evidence Gap

Application reference: [REFERENCE IF ASSIGNED]

To the reviewing officer,

We are writing to explain a gap in our documented communication between [GAP START DATE] and [GAP END DATE]. We want to address this proactively so it is not mistaken for a break in our relationship.

## Reason for the gap

During this period: [STATE THE FACTUAL REASON — e.g. "we were living together in [PLACE] and therefore communicated in person rather than by message", or "[NAME] was on military deployment with restricted connectivity", or "we primarily used voice/video calls during this period, which produce no text record"].

## Supporting evidence for the gap period

- [EVIDENCE 1 — e.g. "Shared lease / travel records showing cohabitation during this period (Exhibit [X])"]
- [EVIDENCE 2 — e.g. "Call logs or video-call screenshots showing contact by other means (Exhibit [X])"]
- [EVIDENCE 3 — e.g. "Photographs together dated within the gap period (Exhibit [X])"]

Our communication resumed in its usual pattern after [GAP END DATE], as the enclosed chronological appendix shows. The gap reflects [the circumstances above] and not any interruption in our relationship.

Sincerely,

---
